5. เสร็จแล้วจะเข้ามาหน้านี้ ให้เก็บค่า Channel ID กับ Channel Secret ไว้ เพื่อนำไปใช้ในการทำ API

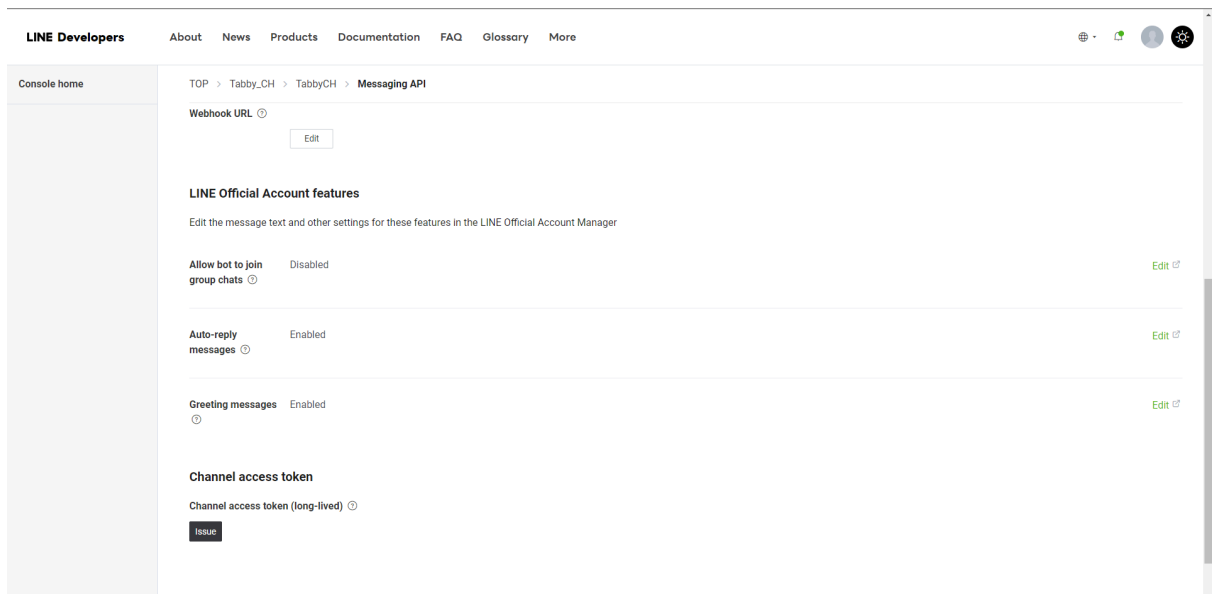

The screenshot displays the LINE Developers console interface. The left sidebar contains navigation links: Console home, Providers (with a search bar and a list including Admin, Tabby_CH, and TestChatbot), Tools, and Support. The main content area shows the 'Basic settings' page for the 'TestChatbot' channel. The breadcrumb trail is 'TOP > TestChatbot > TestChatbot > Basic settings'. The page title is 'TestChatbot' with an 'Admin' button and a 'Messaging API' icon. Below the title are tabs for 'Basic settings', 'Messaging API', 'LIFF', 'Security', 'Statistics', and 'Roles'. The 'Basic settings' section includes 'Basic information' with a note about changing the app name and icon. It lists the 'Channel ID' as 2005916971 and shows the 'Channel icon' as a cartoon character. The 'Channel name' is 'TestChatbot'. The bottom section contains 'Privacy policy URL' (with an 'Edit' button), 'Terms of use URL' (marked as optional with an 'Edit' button), 'App types' set to 'Bot', 'Permissions' set to 'PROFILE', 'Channel secret' (5db891bee36eb8cbc97150bf383b7cc9) with an 'Issue' button, 'Assertion Signing Key' (with a 'Register a public key' button), and a 'Delete this channel' button.

6. เลือก Column “Messeging API”

The screenshot shows the LINE Developers console interface. On the left is a sidebar with navigation links: Console home, Providers (with a search bar and a list including Admin, Tabby_CH, and TestChatbot), Tools, and Support. The main content area has a breadcrumb trail: TOP > TestChatbot > TestChatbot > Messaging API. Below this is a header for 'TestChatbot' with an 'Admin' button and a 'Messaging API' tab. A sub-header shows tabs for Basic settings, Messaging API (selected), LIFF, Security, Statistics, and Roles. The 'Messaging API settings' section includes 'Bot information' with the Bot basic ID '@328eyjvx' and a QR code. A note below the QR code states: 'Scan this QR code with LINE to add your LINE Official Account as a friend. You can share the code with others.'

7. และก้อกรอก URL ใน webhook และก้ทำการสร้าง Channel Access token

The screenshot shows the LINE Developers console interface for the 'TabbyCH' bot. The breadcrumb trail is: TOP > Tabby_CH > TabbyCH > Messaging API. The 'Webhook URL' section has an 'Edit' button. Below this is the 'LINE Official Account features' section with a note: 'Edit the message text and other settings for these features in the LINE Official Account Manager'. It lists three features: 'Allow bot to join group chats' (Disabled), 'Auto-reply messages' (Enabled), and 'Greeting messages' (Enabled). Each feature has an 'Edit' link. The 'Channel access token' section shows the 'Channel access token (long-lived)' and an 'Issue' button.
